

Introducing CNA's new **School of Risk Control Excellence (SORCE®)** for lawyers

We can show you more.®

PROFESSIONAL SERVICES

RELY ON THE **NATION'S LEADING INSURER** FOR PROFESSIONALS

An On Demand Professional Liability Educational Platform

Since 2012, CNA has collaborated with West LegalEd Center® to create an online learning platform that is easy to use and offers a valuable benefit to CNA's insured lawyers. Beginning in July 2014, the enhancements to this program will offer even more significant resources to our policyholders.

CNA is pleased to announce that for the same low price of \$99 per lawyer, CNA's policyholders will have access to the entire West LegalEd Center® library, in addition to the same high quality CNA risk control presentations. In other words, for the \$99 subscription fee, subscribers will have access to more than 5,000 courses for CLE credit nationwide. Subscribers whose prior subscriptions remain active will automatically have their accounts upgraded and also will be able to access this new benefit.

In addition, the new CNA SORCE® platform has been upgraded to a more user-friendly environment. Web pages are cleaner. Functionality has been greatly improved. And, work flow is simpler. We believe that these improvements will complement the user experience.

Please note that CNA Risk Control courses available for premium credit appear on their own unique platform. Each one-hour course continues to qualify for 2.5% premium credit per attorney

up to the maximum allowable credits. CNA is committed to delivering high quality presentations focused on risk control techniques addressing currently relevant professional liability exposures for law firms.
